Subject: Draft Response to USDA

Carroll,  
In lieu of IHS trying to contact USDA by telephone, I would recommend HUC submitting a follow up written response to USDA with a deadline that HUC needs USDA's written concurrence by. It may be better for HUC to follow up this way since they are the applicant and the original revision plan was submitted by HUC. IHS is prepared to discuss any aspects of the PER when they call and we can make sure Tim is on the line to hear any of USDA's thoughts on the PER revision plan. I have attached draft language that HUC could use if they wish. Please let me know if you agree with this approach or if you have another recommendation.

Thanks,  
James
